## INTRODUCTION TO ALIGNED TEXT DEPENDENT QUESTION STEMS

While these stems are written in the form of a selected response question (e.g. “Which of the following sentences best...”), this opening could be cut from the prompt to generate an open ended response for classroom discussion or written work (e.g. “State an important claim about...”).

In addition, several of these stems could be turned into a two part question, with Part B asking a variation on this follow-up question: “Select the best piece of evidence/three pieces of evidence from the following excerpts that support your response to Part A.”

When writing their own questions teachers should be attuned to the “spirit” versus the “letter” of the question stems below and modify them accordingly to fit the situation and text under investigation.
