Retired employees may not work more than 960 hours (120 days) in any calendar year. Also as a Retired employee your compensation as a substitute teacher is the difference between your retirement check and what you would be earning now as a substitute. These limitations apply to any and all services, including substitute teaching, that are provided by the retired employee. Please be aware it is the responsibility of the retiree and not that of BPS to monitor the restrictions.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

BOSTON TEACHERS UNION DUES

Substitute teachers who work 60 days or more in a given school year are considered bargaining union members of the [BTU](#). The BTU is the exclusive bargaining unit that negotiates the collective bargaining agreement, enforces the agreement, and promotes the general welfare of its membership. BTU dues and agency fees will be automatically deducted from each paycheck. For further details around the union guidelines and membership, visit the following website:
<http://www.btu.org/>

BPS SUBCENTRAL SYSTEM

The placement of substitutes into open positions is done through the BPS SubCentral System and is done in multiple ways:

1. School can directly request & assign a substitute
2. SubCentral will randomly call substitutes for open positions
 - Evening calls: 6:45 pm - 9:30 pm

- Morning calls: 5:45 am - start of school day
- 3. Substitute can proactively look for jobs
 - via phone: 617-635-7980 **or**
 - via internet: <https://bostonps.eschoolsolutions.org>
- 4. To view the printed guide or use the interactive tutorial, copy and paste the link above into your web browser's address

ACCEPTING AN ASSIGNMENT

The principal/headmaster or other administrative person may change the grade/subject assignment of a substitute teacher depending on the needs of the particular school.

If you accept an assignment through the SubCentral system, you will need to record the job identification number (this is a six digit number), subject and/or grade level to present (if necessary) to the school upon arrival.

If you are contacted directly by a principal or school administrator to fill a vacancy, be sure to have the school log the request in SubCentral and record the job as filled by you. **All assignments must be processed through the SubCentral system.** This will inform the Substitute Management Team that you are working and the dates can easily be applied to the mandatory 60 days worked policy, noted in the termination/resignation section of this handbook.

Substitute teachers must remain in the school building until the close of the day.

CANCELLATION OF AN ASSIGNMENT

School cancels: If you arrive at the assigned school and the job has been cancelled or your services are no longer needed, be sure to remind them that you have the job identification number and are entitled to be paid for 3.5 hours (half day).

If you arrive late to an assignment without contacting the school to notify them of your status, the school can cancel your services without the required 3.5 hours payment.

Prior to his/her arrival, if a substitute teacher is contacted directly by the school and notified of an assignment cancellation, the school is not obligated to pay the 3.5 hours.

Substitute cancels: If you cancel on the same day of an assignment, you must contact the school to which you were assigned directly and notify the Substitute Management Team at 617.635.9380. Cancelling on the same day places the school in a situation where they may not be able to secure a replacement due to the limited timeline and may negatively impact you with the school's administration which may lead to your name being placed on their DNU list.

DO NOT hold on to a job for days, then cancel yourself out of it unless it is an emergency/illness.

EVALUATION OF LONG TERM AND CLUSTER SUBSTITUTES

A long term substitute teachers who has been in the same position at the same school shall be evaluated by the Principal or Headmaster (or his/her designee) after fifteen (15) consecutive days.

A cluster substitute teacher shall be given two (2) overall performance evaluations for the academic year by the appropriate building administrator or their designee outside of the bargaining unit.

PROFESSIONAL DEVELOPMENT

Long term and cluster substitute teachers are required to participate in professional development days with regular teachers and are compensated for this time. In addition, long term and cluster substitute teachers are required to attend the 18 hours of professional development required of regular teachers. This professional development is scheduled beyond the school day and consequently long term and cluster substitute teachers are paid for this time.

New substitute teachers may also be required to attend up to three days of training to prepare them to teach in the Boston Public Schools.

APPLICATION FOR TEACHING POSITIONS

Based on the union guidelines for substitute teachers, “Those substitute teachers who are:

1. Recommended as a result of central interview
2. Certified
3. Have a letter of recommendation from a Boston Public Schools administrator and who apply for teaching positions will be guaranteed up to four interviews.” *Please contact Recruitment at 617.635.9639 to set-up an interview with a Recruiter (central interview).* Next steps will be identified at that time.

REASONABLE ASSURANCE

Reasonable assurance letters will be mail in June to all substitute teachers which are active and in good standing. Reasonable assurance letters preclude substitutes from claiming unemployment during the summer.

SUBCENTRAL’S DO NOT USE POLICY

Schools within the BPS system are able to request that a substitute teacher be placed on their schools Do Not Use (DNU) list. Once a substitute teacher is on a school’s DNU list, s/he will no longer receive calls or view vacancies on SubCentral for that particular school. A Do Not Use form* must be completed by the school and submitted to Human Resources before the substitute

teacher will be placed on that school's DNU list. The Substitute Management Team will notify the substitute teacher of his/her status with the school and will address the concerns regarding his/her performance.

**The information provided is to be used for self-improvement and/or professional development*

SUSPENSION/TERMINATION

If you received notification (verbal or written) of a suspension or termination, please contact your union representative to set-up a meeting with Human Resources to address your status.

Substitutes must work a minimum of 60 days per school year, or they may be terminated from employment. Additionally, if a substitute has not worked in the last 90 days, they may be subject to termination and required to re-apply should they wish to return to substitute teaching.

RESIGNATION

Substitute teachers must submit a resignation letter to Human Resources which will ensure their status is changed from active to inactive (resigned)

INCLEMENT WEATHER

Substitute teachers are notified of district school closings due to inclement weather by 1) checking local television stations, 2) contacting the Storm Center at 617.635.3050, or 3) you can receive direct notification of snow emergencies, parking bans and school closings in the City of Boston. Simply sign up and tell us your preferred method of notification (text and/or e-mail). You can register at: 617-635-4500 or www.cityofboston.gov/snow/.

EMERGENCIES: MEDICAL/OTHER

Accidents and illness of students: All accidents involving students on the school grounds, in the building, or occurring at any place while the pupil is under the supervision of the school, shall be referred to the school principal and nurse.

Only the school nurse or authorized school personnel can administer medications. **Substitute teachers are not authorized to give any medication to students.**

STUDENT CONFIDENTIALITY

During your service as a substitute teacher, you will have access to confidential information concerning students. To protect the confidentiality of student records, any data concerning student records, class work, behavior, home environment, inclusion in a free and reduced lunch program, enrollment in special education programs, or other details about individual students must not be discussed outside the classroom and never with anyone outside the building.

As a substitute teacher you may be asked to teach in a number of classrooms and a variety of schools, you must refrain from comparisons of these assignments. Teaching assignments vary from teacher to teacher and any comparison is unfair to the staff involved.

Should you have concerns, these should be discussed with the building principal. Failure to abide by student confidentiality will result in termination as a substitute teacher.
